### Pupil Transport Arrangements

Parents are responsible for making appropriate transport arrangements to ensure that their son arrives at school safely and promptly by 8:50am each day. For Plymouth boys living more than three miles from the school, whose parents are on income support, the LEA provides free transport. To qualify, the distance is measured by using the shortest available route between the home and the school. Some pupils may be given free transport even where they live within the distance for special reasons, e.g. medical.

It is a parental responsibility to arrange for children to travel in safety between home and picking-up and dropping-off points.

The school is served by special buses information about which can be obtained from Plymouth Citybus Telephone 01752 222221 or First Western National Telephone 01752 495250. More specific details of any of the transport schemes can also be obtained by ringing either of these numbers.

Where boys live in other areas the Authority is not obliged to provide transport - including where parents choose a school other than that which serves their home address - it is the parents' responsibility to make arrangements for travel between home and school.

Many boys travel by train on the lines from Totnes, Tavistock, Calstock and Liskeard.

Parents living in the Tavistock, Yelverton, Looe, Liskeard, Callington and Saltash areas have arranged special coaches for pupils at the Grammar Schools in Plymouth. Details are available from Plymouth Citybus, telephone 01752 222221.
